YOUR FINAL SCORE IS THE SUM OF EACH CATEGORY SCORE MULTIPLIED BY 2 (FOR A MAXIMUM OF 100 POINTS).: _____

Grading rubric: Exam 1

STAT 757 (SPRING 2018)

	0	**1**	**2**	**3**	**4**	**5**
Description	No evidence	Needs improvement	Well below standard	Nearly meets standard	Meets standard	Exceeds standard
Organization	The exam responses are not in the form of a report.	Answers are scattered and incoherent.	There is a structure, but it is hard to follow: text, figures, output, code are haphazardly organized.	Text, figures, output, code are organized to tell a data story. **Most** of the figures, code, and text displayed adds to the presentation of the content.	Text, figures, output, code are organized to tell a data story. **All** figures, code, and text displayed adds to the presentation of the content.	Text, figures, output, code are **beautifully** organized to tell a data story. All figures, code, and text displayed adds to the presentation of the content.
Use of language & communication	No language is used to describe the modeling.	Language is used **poorly** to describe the modeling.	Some rationale for the choices made is provided, but commentary is shallow and lacking understanding.	**Clear** rationale for the choices made is provided, but commentary is shallow and lacking understanding.	**Clear** rationale for the choices made is provided and commentary shows **understanding** of course content.	**Strong** rationale for the choices made is provided and commentary shows **mastery** of course content.
Content: Part A.a	Not present in the report.	Does not address the question appropriately.	Addresses the question appropriately, but computational **and** conceptual errors are exhibited.	Addresses the question appropriately, but computational **or** conceptual errors are exhibited.	Addresses the question appropriately in an **error-free** manner.	Addresses the question in an **sophisticated/masterful** manner.
Part A.b	Same as above.	Same as above.	Same as above.	Same as above.	Same as above.	Same as above.
Part A.c	Same as above.	Same as above.	Same as above.	Same as above.	Same as above.	Same as above.
